Glass Options | Clear or Obscure

Artemis

Simple but effective. Artemis features an etched glass centre with a clear surround border. A strong option for both traditional and modern homes alike.

Satin

Satin glass is an acid etched glass that offers high levels of privacy. It is a very neutral finish similar to sandblast and is ideal for traditional and contemporary doors.

Minster

Minster pays homage to historic hammered glass and is most suited to period homes or more traditional door styles.

Pinpoint/Stippolyte

The timeless appeal of this stipple effect glass makes it one of our most popular options, offering very high levels of obscurity and suits most door and house styles.

Rain/Cotswold

A more heavily textured pattern resembling water cascading over a surface. It is a popular pattern and is suits doors that require higher levels of privacy.
