Our complete door and window range is:

Constructed from high quality, low maintenance aluminium. Our frames will not shrink, warp or require painting.

Fully weather-rated and thermally-efficient.

Safe and secure. Our range meets all the latest regulations including PAS24.

Windows

Aluminium windows offer exceptional durability which outperforms traditional timber systems and provides a sleeker, more attractive finish than PVC-U. The strength of aluminium windows allows much larger spans of glazing within a slimline frame, to give uninterrupted views and greater light diffusion.
